# Template to Pathways Updates

Today's Agenda

- What are Templates?

- What features have been recently added?

- What is the transition to Pathways?

What is a template?

Year 1 ⌄   4 Courses, 13 Credits

Fall
3 credits

PUBH-100
Foundations of Public Health

＋

＋ Add January

Spring
10 credits

PUBH-110
Global Public Health

Human Biology

Statistics

＋

＋ add additional semesters

Year 2 ⌄   3 Courses, 10 Credits

Fall
7 credits

PUBH-200
Epidemiology

Public Policy

＋

＋ Add January

Spring
3 credits

Concentration

☐ **Concentration** › Not Selected

✓ **PUBH-490** Senior Capstone Public Health

0 **No unmatched courses**

At a base level, a template is a prescribed pathway for obtaining all requirements within a degree.

Degrees can have multiple templates available.

Template Application

- Suggested graduation pathway(s)
  - Variations for early/late graduation timelines
  - Various concentrations or tracks
- Avoid students having course sequencing issues
- Add recommended courses or activities for a particular program

Increased visibility around template application

Audit   **Planner**   Courses   Notes

12 TAKEN   4 PLANNED   26 UNPLANNED

APPLY TEMPLATE: Select A Template ▼   Apply   ✕

APPLIED TEMPLATE: ⓘ
None

Why?

It was challenging to see:

- If a student had a template applied to their plan
- If there were available templates for the student's program
- How to change a template version

What has changed?

View whether or not a student has a template applied from their plan.

Change or apply templates directly from a student's plan.

Increased discovery around templates for students

Political Science
Templates that include Political Science

Health Administration & Policy
by Jarvis Kessler

Public Health

Psychology
Theatre Arts

Why?

Providing a curated list instead of random list of pathways

What has changed?

Students can search for templates directly from their planner.

Students see a prioritized display of templates when browsing.

Templates to Pathways

6. Campus Experiences ⓘ

Leadership roles/organizational roles in any student clubs/organizations. For example, experience as Treasurer, Fundraising Coordinator, President/Vice President, etc. ; Peer Health Educator

7. Off-Campus Experiences ⓘ

Internships in administrative areas of any health-related organization; internships in a government office that deals with healthcare or public health; any kind of conference presentation for developm...

show more

8. Graduate School ⓘ

Good to have (but not required)

9. Grad School Details

MBA in Healthcare Admin, MPA for public agency administration, MPH in Healthcare Admin

10. Grad School Funding ⓘ

False

11. Language ⓘ

Other Sign Spanish

12. Language Details ⓘ

Hospitals are required to have certified interpreters in multiple languages; just about ANY second language can be useful

Why?

Encourage multiple possibilities of career paths, including cross-disciplinary options

Encourage a holistic view of a degree trajectory

What has changed?

Institutions can include additional data on relevant careers, graduate programs, languages, campus experiences, and more!
